Our
commitments
to people &
planet.

At NouvelleBox we are committed to supporting jewellers who create exquisite pieces that not only adorn but also contribute to a more sustainable and responsible future.

As a family of jewellery artisans,
we believe in the power of
collective action. Our customers
across the globe understand
that quality craftsmanship does
not compromise on excellence,
does not bend on ethics, and
does not exploit natural
resources.

Supply Chain Ethics

We cherish the connections forged through jewellery; our clients' pieces serve as symbols of connection and belonging. Which is why we are committed to supply chain transparency and accountability. Not just our own, but those of our clients and partners.

When jewellers embark on their journey with us, we support them with tools to help create and uphold robust ethical standards throughout our industry's value chain, the most important of which is a best-practice Supplier Code of Conduct with a specific obligation to ethical mining. Because we are all connected; we must take responsibility for the ripples of our actions.

Our Sustainability Partner

Together with our Sustainability Partner, Mica Janiv, NouvelleBox provides jewellery makers with the tools, knowledge and opportunity needed to build confidence and achieve success for their own bespoke environmental and social impact. We endeavour to foster a space of collaboration and sharing among designers so that we can work together to push our industry forward.

Giving Back

Our charitable partners hold a special and personal place in our hearts. Without them, NouvelleBox would not exist. We believe in the transformative power of giving back and our formal pledge to give at least 2% of our revenues to charity is an opportunity we embrace and cherish.

Treading Lightly

NouvelleBox has pledged to reduce our carbon emissions and our journey towards tracking, measuring and hitting reduction targets is underway. As a member of the SME Climate Hub, we are counted in the UN Climate Change High Level Champion's Race to Zero campaign. Our voice now amplifies thousands of small and medium sized businesses across the UK calling for a clean, fair transition to green energy.

Respecting People

**UK Living Wage Employer
Accreditation Licence Form**

We are proud to be accredited by The Living Wage Foundation as a Living Wage Employer.

This commitment extends to all the independent contractors we work with; our industry relies on freelancers and we recognise their value through our own carefully curated policies and practices.

NouvelleBox

With a steadfast commitment to charitable giving, ethical supply chain management, exceptional craftsmanship, empowering expression, and cultivating connections, we invite you to join us on a journey of beauty, purpose, and positive impact, where the elegance of our jewellery is matched only by the responsibility we bear towards the planet and its people.
